

Goytre After School Club

GASC'S SPECIAL NEEDS POLICY

Before a child with special needs is booked into the Club, the parent must discuss the matter with the senior Play Leader to ensure that adequate facilities and staff are available to cater for the needs of that child.

The Club aims to make sure that:

- The activities provided, when a child with special needs attends the Club, will be suitable for all the children.
- A child with special needs is not discriminated against, nor are other children disadvantaged because a child with special needs is attending the Club.
- Whilst at the Club, every child will be allowed to participate in all activities commensurate with their abilities.
